JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

February:- The regular monthly meeting was held in the club room at the State Museum, University of Washington, Wednesday evening, February 2nd, President Hall presiding. The minutes of the previous meeting were read and approved. O. J. Iurie of Fairbanks, Alaska, was elected to membership. Dean Hugo Winkenwerder of the College of Forestry, University of Washington, spoke on bird migration, and also the use of the telescope in studying migration. An informal discussion on mammals followed, after which the meeting adjourned.

March:- The regular monthly meeting was held in the club room at the State Museum, on Wednesday evening, March 2nd, President Hall presiding. The minutes of the previous meeting were read and approved. Dr. A. C. Bent, of Taunton, Mass., was elected to membership. The following committees were named for the coming year by President Hall:

Observation: E. A. Kitchin, A. M. Winslow, R. H. Palmer, S. G. Jewett, J. M. Winson, Geo. G. Cantwell and D. E. Brown, Chairman.

Program: Horace Gunthorp, Dr. Clinton T. Cooke and S. F. Rathbun, Chairman.

Membership: J. Hooper Bowles, Chairman, R. H. Palmer and C. J. Albrecht.

Reports of field observations were made by Mr. Bowles. Professor E. J. Saunders of the Geology Department of the University of Washington gave an illustrated talk on the geology, physiography and weather conditions of Washington, and more especially of the Puget Sound region. The meeting then adjourned.

April: The regular monthly meeting was held in the club room at the State Museum, on Wednesday evening, April 6th, 1921, President Hall in the chair. Francis Kermode, Director of the Provincial Museum at Victoria, B. C., Mr. Ira N. Gabrielson of Portland, Oregon, and Mr. John V. Ellis, Jr. of Yakima, Wn., were elected to membership. Bills for printing and postage were allowed. Mr. Alfred M. Bailey, late Deputy Fur Warden for Southeastern Alaska, gave a talk on the occurrence, migration, nesting records of birds of Southeastern Alaska. Meeting then adjourned.

FACT AND COMMENT

It will be of interest to all who exchange eggs to know that the manuscript for the new price list of eggs of North American birds has been completed and is now in the hands of the printer. Briefly, a committee of twenty-five prominent oölogists of the United States and Canada were elected by a popular vote to submit their ideas on egg values. A committee on final values, consisting of R. C. Marlow, of State College, Pennsylvania; P. C. Willard, formerly of Tombstone, Arizona, and J. Hooper Bowles, of Tacoma, Wn., Chairman, averaged the prices submitted. The prices given in the catalog are purely for the use of those wishing to exchange specimens. The prices have no professional significance, for, as a rule, cash valuations must be a mutual agreement between the parties concerned. It will also be of interest to know that the American Ornithologists Union expects to bring out a new and thoroughly up to date checklist of North American birds this fall. It is the plan of the egg catalog committee to bring out a price list of the new additions made by the A. O. U., this price list to be printed in the "Oölogist." The egg catalog will have blank sheets so that collectors can easily incorporate the new changes and prices into their price lists. These blank sheets will also be useful for nesting dates and other notes.
